# Default Roles

The screenshot shows the PowerSchool interface for the 'Apple Grove Unified School District'. A blue arrow points from the district name to a 'Default Role' dropdown menu. The dropdown menu is currently set to 'MEMBER' and has a note: 'For all 64 maps within Apple Grove Unified School ...'. Below the dropdown, there is a table of users with columns for Name, Role, Schools, Groups, Account Status, and Synced. The table lists 190 users, with some roles highlighted in green (CURRICULUM PUBLISHER) and others in purple (LESSON REVIEWER). The account status for some users is 'ACTIVE'.

# Questions?

# Public Site

## Previously...

- ✘ **Public links could only be generated one at a time**
  - As a District Admin who needs to manage +100 maps this becomes tedious
  - The district must then establish their own solution when adding these links to their public website

## Solution

- ✓ **Curriculum Public Site**
  - Single link that gives the public access to all maps in one place
  - Provide a customizable welcome message and make it easy to search for curriculum
- ✓ **Easy to Use Management Tool**
  - Manage what is displayed on the public site all from one place
  - Ability to automatically update maps as they're worked on to ease maintenance

# Managing User Accounts and Roles

- When a teacher or staff member no longer works in the institution, administrators can either remove or de-activate their account.

## De-activating an account

- The user will be immediately locked out of their account.
- Any data the user has shared or input will still be accessible by the institution admin.

## Removing an account

- The user will be removed from all Schools and Groups they were added to, but they will still have access to their account.
- If the account is deleted by the user, any resources that have been shared will be deleted from the institution.
- If the account is deleted by the user, any student grades they have entered will be deleted from the institution.
- If the account is deleted by the user, any attachments that the account has added to curriculum maps will be removed.

# Archiving

- Archiving is the process of moving data into a separate, hidden area. It is an efficient way of keeping data up-to-date and organized without the permanence of deleting content.

# Archiving a Curriculum Map

- Archiving a curriculum map allows you to remove a map from being publicly available to teachers and removes them from cluttering the active maps in your institution's list. This can be useful for saving yearly iterations of maps to compare and review at a later time.

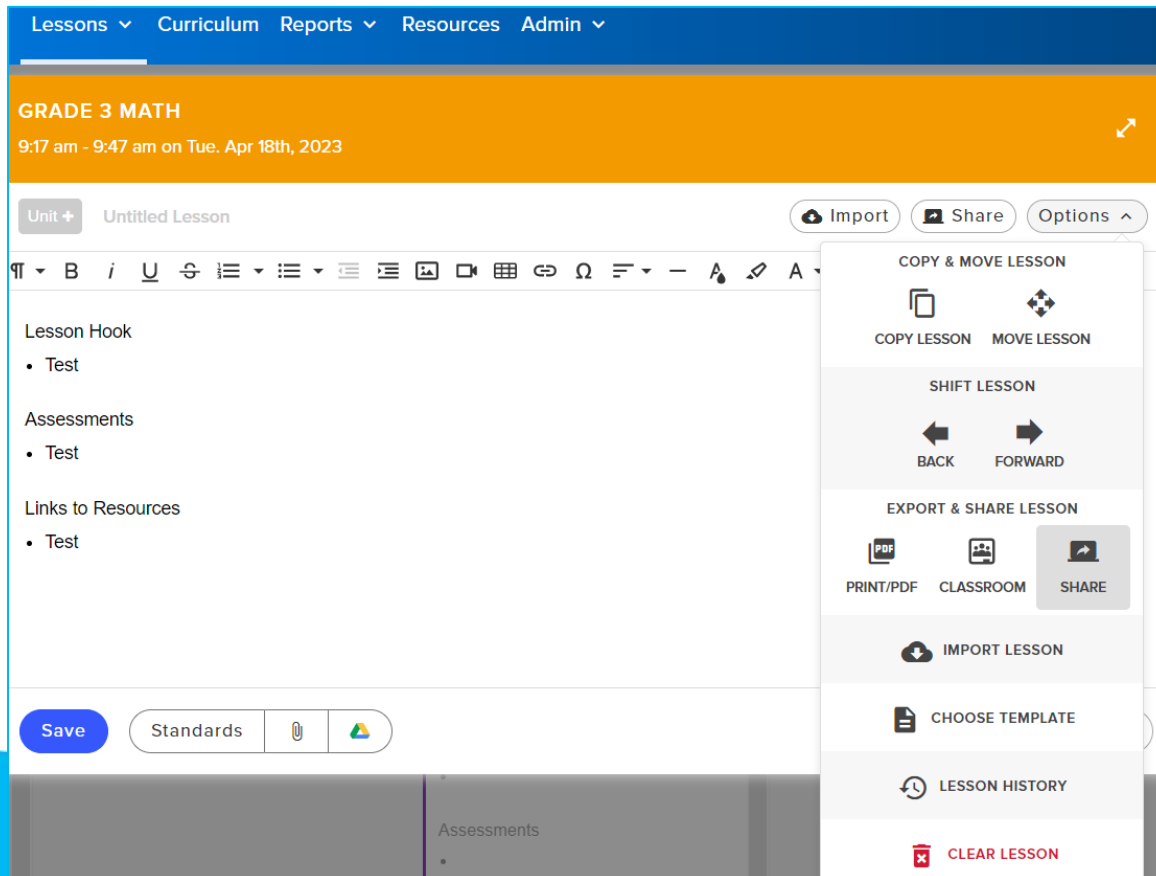

The screenshot displays the PowerSchool curriculum map interface. At the top, there is a search bar and three filter dropdowns: 'All Map Owners', 'Published or in Draft', and 'Any activity'. Below these is a table of curriculum maps. The first row is highlighted in blue and corresponds to the '2nd Grade ELA' map, which is in draft status and was updated on Feb 10th, 2023. To the right of the table, a dropdown menu is open for the '2nd Grade ELA' map, showing options: 'Edit Draft', 'View Published Version', 'Print/PDF', 'Share', 'Copy Map', and 'Archive'. A red arrow points to the 'Archive' option.

# Saving Lessons to Resources

- Use Resources as storage for lesson plans and other content that you want to save for future use.

The screenshot shows the lesson editor interface. At the top, there are navigation tabs: Lessons, Curriculum, Reports, Resources, and Admin. Below this, the lesson title is 'GRADE 3 MATH' and the time is '9:17 am - 9:47 am on Tue. Apr 18th, 2023'. The main content area is titled 'Untitled Lesson' and contains sections for Lesson Hook, Assessments, and Links to Resources. A 'Share' button is visible in the top right of the editor. A dropdown menu is open, showing options for 'COPY & MOVE LESSON', 'SHIFT LESSON', 'EXPORT & SHARE LESSON', 'IMPORT LESSON', 'CHOOSE TEMPLATE', 'LESSON HISTORY', and 'CLEAR LESSON'. The 'SHARE' option is highlighted with a red arrow.

The screenshot shows the 'Sharing Lesson' dialog box. The title is 'Sharing Lesson' and the subtitle is 'Untitled Lesson'. There are five tabs: Print/PDF, Resources, Group of Lessons, Public Link/Embed, and Google Classroom. The 'Resources' tab is selected. Below the tabs, there is a 'Share to' field with a dropdown menu and a 'Tags' field with a text input. At the bottom, there are three buttons: 'Add to Resources', 'Cancel', and 'Share'.

# Curriculum Maps – Edits

- The summer is an excellent time to review, update, and complete any curriculum maps that may need attention.
- Use the Curriculum Home Page to monitor any recent activity occurring on any of your curriculum projects.

The screenshot displays the UCCI Demo Account Home page. The left sidebar shows navigation options: Home (circled in red), Curriculum Maps, Starred, Reports, and Templates. The main content area features a 'Home' header, a date 'Monday, April 17', and a greeting 'Good Afternoon,'. Below this, there is a 'Education Focus Report: Top District Priorities and Shifts in PK-12 Education' with a 'Learn More' button. A 'Recent' section lists items like 'Dana Sample', '2nd Grade ELA', 'Chemistry - PSU sample', and '8th Grade Science'. On the right, a 'What's Happening in Curriculum' section shows activity for 'Today' and 'March 1', including updates to curriculum maps and standards. A large pink arrow points to the right side of the page.
