Performance Matters 24.10 and 24.11 Release

24.10 Release October 26, 2024

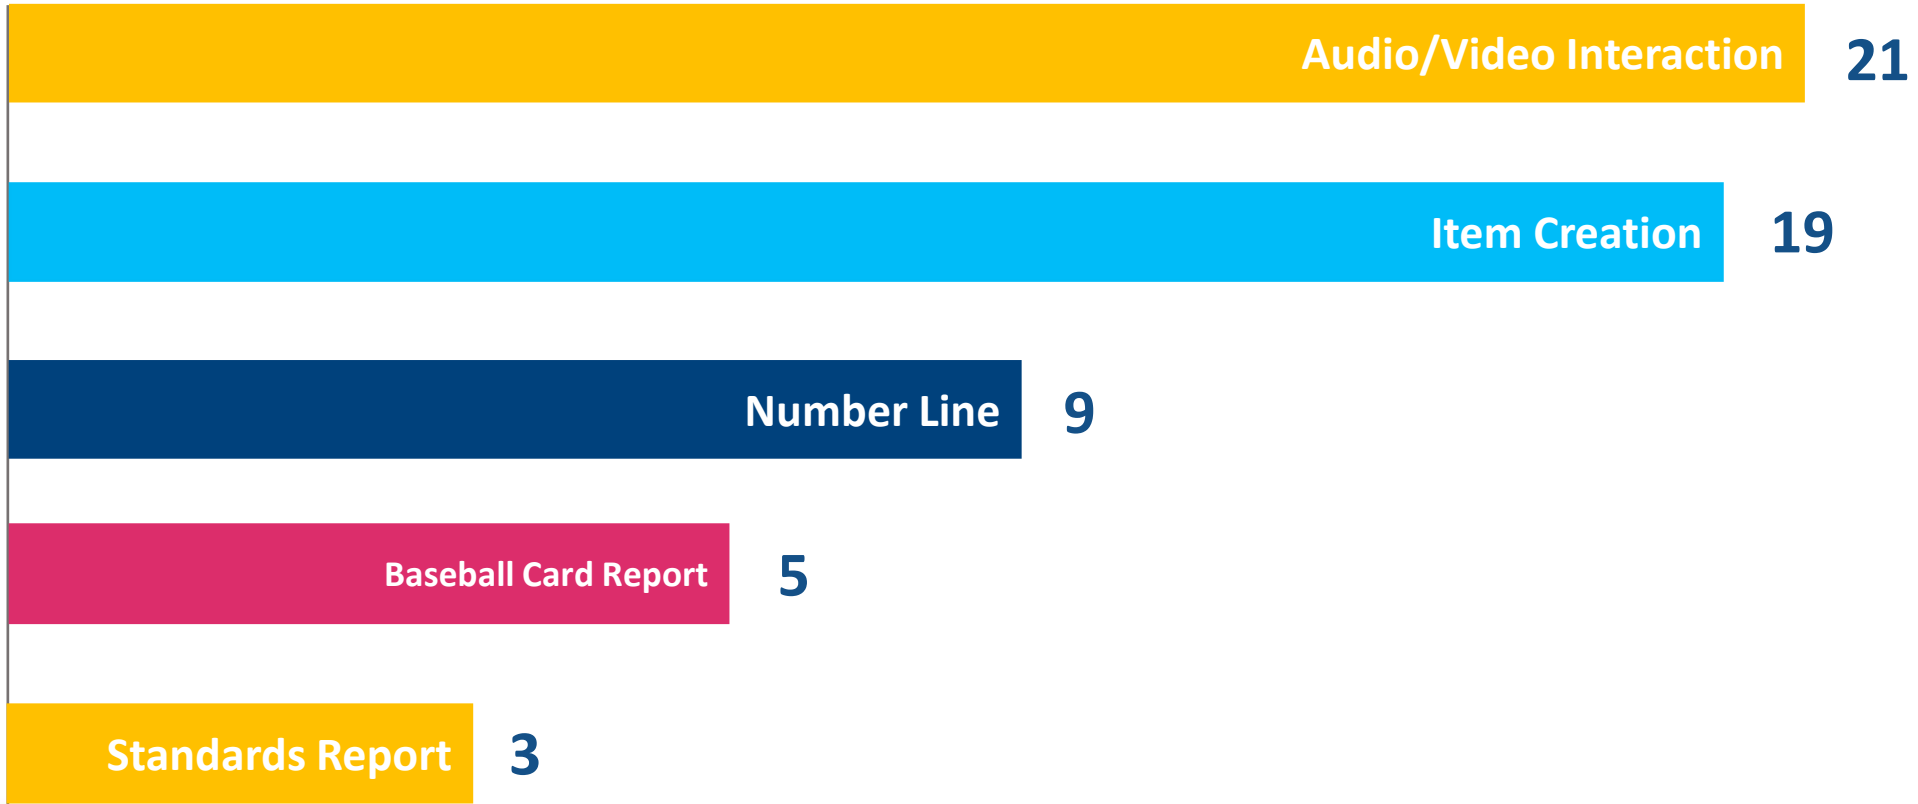

*24.11 Released November 30, 2024

*Last Update for 2024

Maintenance Highlights

52 Support Bugs between 24.10 & 24.11

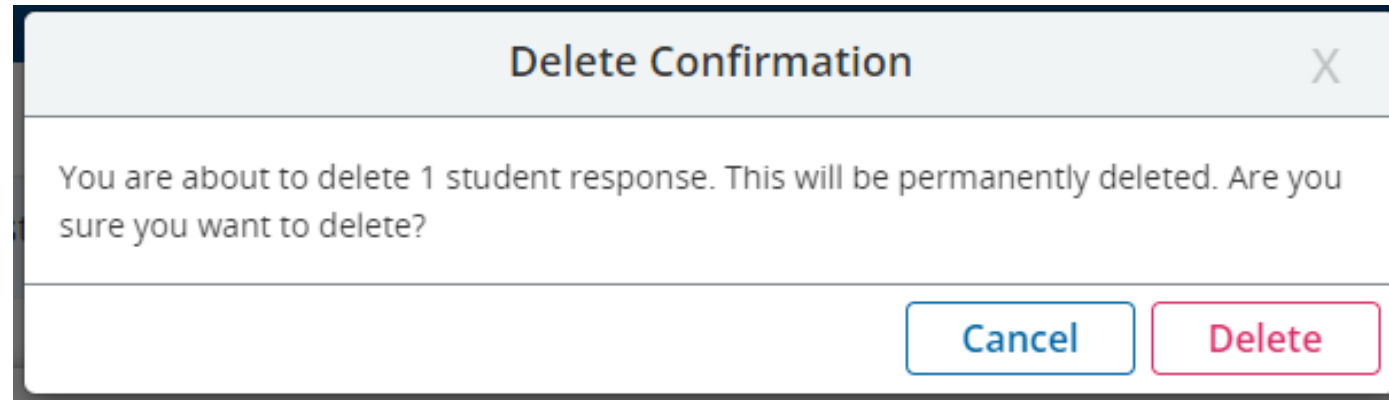

What's fixed?

We fixed issues where:

- Users can access tests to release in Assessment Manager, but **they cannot filter by the test Assessment Categories**
- **Attributes and tags** removed from an item **return once you refresh the page**
- **Counts for Students Scored for OAs do not update** in BBCard and Assessment Manager after deleting data from capture page
- Items with **2 or more hotspot interactions** not able to be edited in the item editor
- **Number Line** Interaction not displaying some symbols used in **MathML**
- Users were able to **move the number line** within an interaction and in OLA
- Item engaged duration column has **negative values** and average engaged duration is incorrect
- **Observational Assessments** showing on common assessment tab and in **Student Detail**
- Student Portal **Test Review** was not displaying the correct answer
- The **strand colors** for **FAST ELA and Math Assessments** were not able to be changed
- **Learning Gains** filters are not working for **FL BEST assessments**

Delete Test Scores Modal

- **New!** In Delete Student Test Scores users will be warned with a count of student's responses that will be permanently deleted and asked to confirm their decision

Moving education forward.

Baseball Card Report Updates

Baseball card Tree will now auto-refresh after cache times out so that the user doesn't have to manually click on reset.

The screenshot displays the Performance Matters interface for a Baseball Card Report. The left sidebar contains navigation options: Items, Tests, Intervention, Reports, Admin, and Parent. The main area shows a search bar with a 'Reset' button and a message: 'The search index is refreshing. This may take up to a minute to load.' Below this is a tree view of assessment categories, including 'Algebra 1 EOC' and 'Algebra 1 AR.2.1_Practice_FY25'. The main report area is titled 'Baseball Card Report' and includes options for 'Comparison Chart', 'Manage Columns', 'Share', and 'Download'. A table of student data is shown with columns for Student Name, Student ID, Student State ID, Gender, Ethnicity, and Current Grade. Two students are listed:

Student Name	Student ID	Student State ID	Gender	Ethnicity	Current Grade	Score
1 1xxxxxxxxxxxxxxxxxxx	27386176	?	M	African American	9	70
2 1xxxxxxxxxxxxxxxxxxx	28359362	?	M	Hispanic	9	40

Standard Report Updates

Mastery by Attribute

- Districts will now be able to see standard mastery by item attribute
- Report includes Total count of items, SOLR links to item, total points earned/points possible and district performance band
- **Change from Beta** - Only one attribute (i.e. Depth of Knowledge) and its children will show at a time

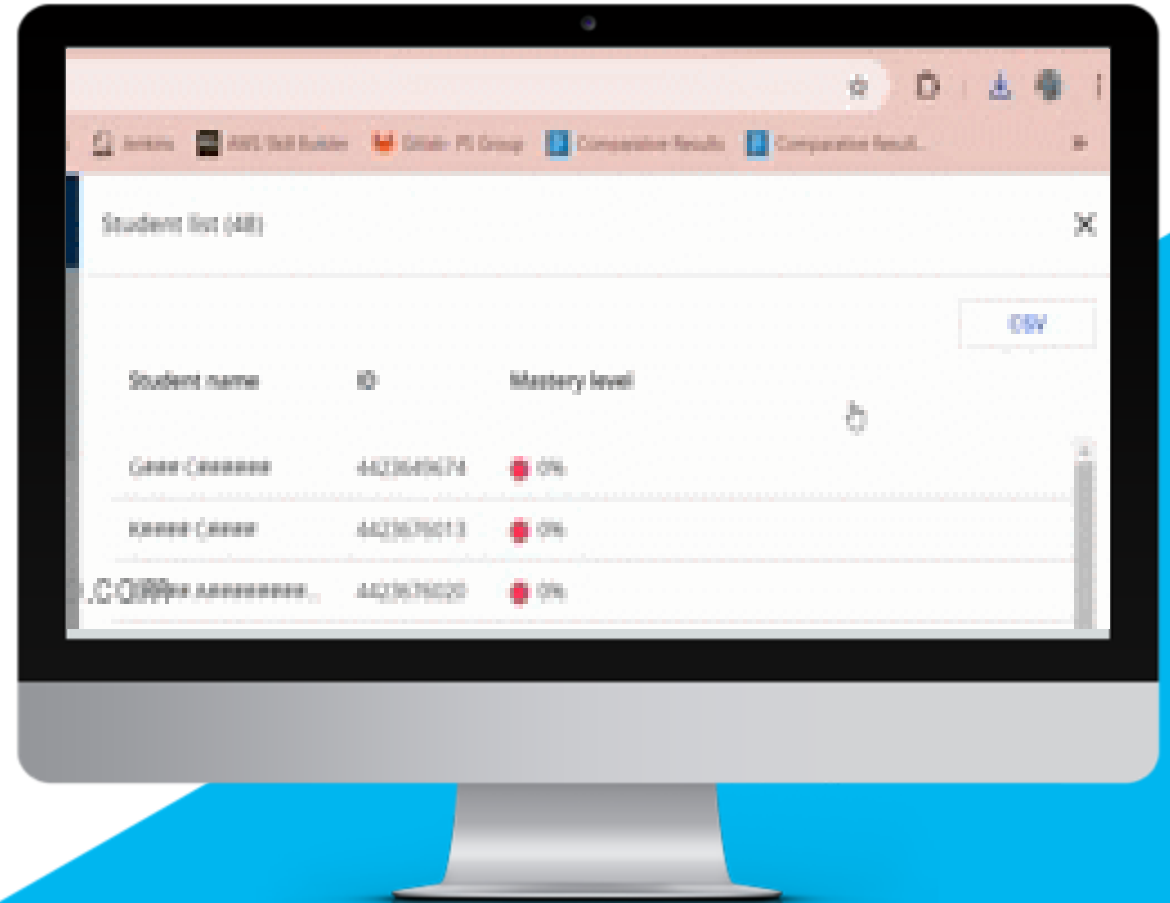

Attributes	Number of Items	Points Earned / Points Possible
Depth of Knowledge		
1 - Recall	330	743 / 1803  Developing (25 - 4)
3 - Strategic Thinking	105	305 / 543  Meets (50 - 74)
2 - Skill / Concept	498	1244 / 27...  Developing (25 - 4)
4 - Extended Thinking	5	73 / 130  Meets (50 - 74)

Help Document is now linked!

Standards Report Export Student List

- Access your student list by clicking any performance band in Mastery Comparison or Overview
- Click CVS to get a quick export of Student Names, IDs, Aggregate Points Earned, Aggregate Points Possible, Percentage, Mastery Level
- Support features: warning modal regarding the size of the export you're creating & loading icon

Standards Report Update

- **New!** Guiding Message for when a user selects a standard too high up in the tree
- **New!** Mastery Comparison now includes the Standard Description
- Improved Standard Selector Dropdown In Assessment Report and Item Attribute Report

EARLY ACCESS

Audio/Video Interaction

What does Early Access Mean?

“Early Access” is a way for educators to test out the new interaction and provide us feedback or identify bugs while it’s still actively in development!

We remove Early Access once all initial development is complete.

What is the Audio Video Interaction?

Audio Video is a new Rubric scored interaction type that will allow content creators to:

- Set if the response should be audio or video
- Create a maximum response time length
- Use the full power of the redesigned item editor to customize your items

▼ Audio/Video

Question/Prompt

Answer Format

 Students can record a video

 Students can record an audio

Maximum length

Enter a recording length between 1 second and 10 minutes.

:

Minutes Seconds

-  Text Entry
-  Order
-  Graphing Early Access
-  Number Line

- Manually Scored Interactions
-  Draw
-  Extended Text
-  Upload

Wide Use of Audio Video Interactions

English as Second Language

- Record the student speaking to show evidence over time on improvement
- Provide feedback in the assessment for students to grow

Music Playing Tests

- Add sheet music as a resource for a playing test

Words Read Aloud

- Early Education can use this new type to ask students to read and capture a video of the student's response
- Theatre teachers can use it to ask the student to recite a soliloquy

Foreign Language

- Attach an audio recording of yourself speaking in a foreign language and ask the student to respond
- Attach a resource for the student to read

24.11 Audio/Video Interaction Updates

24.11 has **21 bug fixes** for A/V

- Edit Test will no longer prompt for Camera/Microphone Access
- Camera/Microphone browser will not show in use when not in use
- Improved coordination of starting recording and counter/video response
- Waveform will stop moving after submission
- Improved Seek Slider look and functionality
- Button State fixes

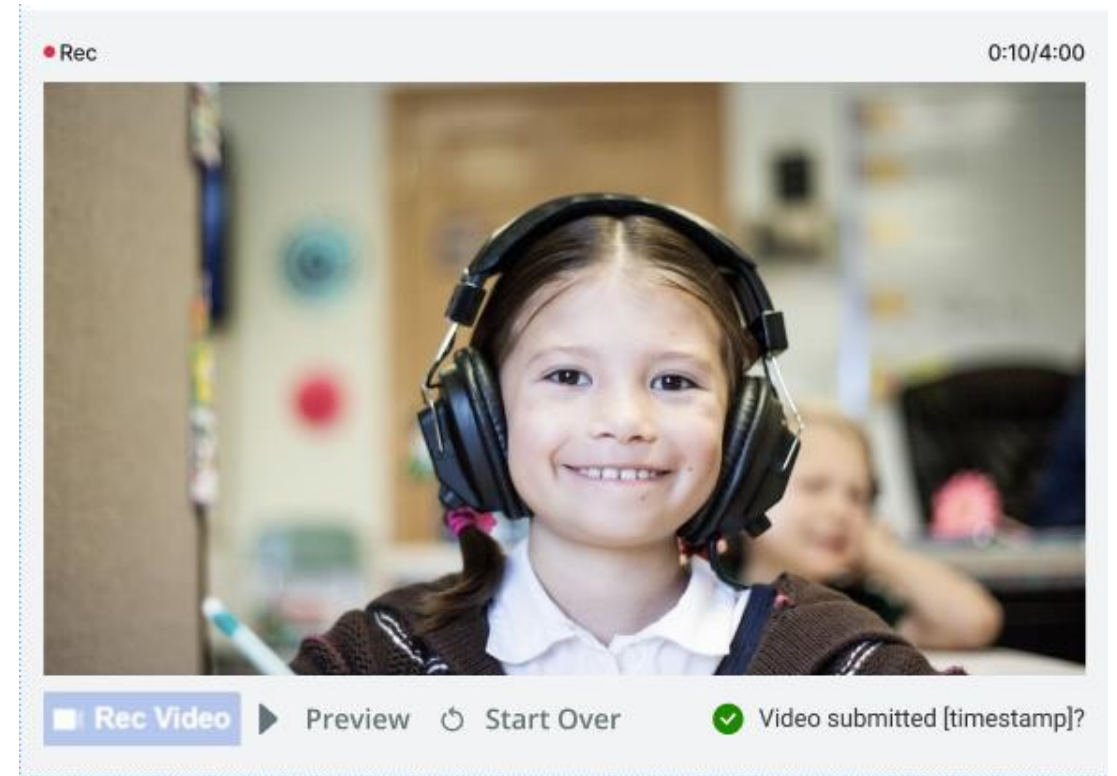

New Test Setting

- Test Microphone/Video Permissions
- Will only display if a test has Enable Secure Test Lockout and Has Audio/Video Interactions
- Defaults to on
- Will prompt the student to check their permissions prior to starting the test

25.1 Preview – Audio/Video Interaction

Targeting transitioning from early access 25.1

- Improved OLA Experience Coming!

District-Site Crosswalking

New **free** offering for customers!

Ideal for PM customers who have *new state standards* and have banks of district-created items that are tagged to old standards.

Submit a Support Ticket

To initiate the process, please submit a support ticket.

Request Review

The Performance Matters Content team will review your request and provide a custom crosswalk for your approval.

Customer Review

Evaluate the custom crosswalk. Suggest any revisions to support strong standards alignment.

Script Execution

The crosswalk will be run as a script in your district item banks. It will tag requested standards to current standards already tagged to items. (Please note: It cannot tag standards to items without any existing standards tagged.)
