Cortnie Shaffer – Education Impact
Consultant Team Lead

September 3, 2024

Agenda

- 1 Perform New Releases
- 2 Automating Process Assignment
- 3 Q&A
- 4 Future PowerUp Topics

24.9 Perform Release – Sept 15th

Product Area	Type	Summary	Release Note
Dashboard	Improvement	Task Dashboard for HR and Supervisors	Introduced a new Task Dashboard that enables HR and Supervisors to view the tasks they are responsible for, regardless of what process those tasks are in. Visit PowerSchool Community for more information.
Configuration - Staff	Improvement	Performance improvement when using Direct Report of Direct Reports	Previously, performance was impacted when the Direct Report of Direct Reports checkbox was selected while viewing tasks for staff. Performance on this page has been improved.
Dashboard	Issue	Automation errors resolved	Previously, if a process was deleted, the dashboards would continue registering the staff as assigned. This has been resolved.
