## Community Subscriptions and Notifications

Special Programs customers can stay current and receive updates from Community when new articles, discussion posts, and announcements are posted.

### State- or Province-Specific Subscriptions

Customers can subscribe to their state or province-specific product updates, notifications and digest boards for all product updates or select notifications for a post within a particular state or province.

### Tips

- ❖ To subscribe to one state instead of an entire post, select the page from which you want to receive notifications. Then, choose the state or province label on the right-hand side of the screen,

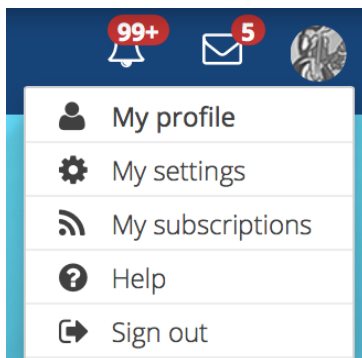

### Notifications

- ❖ You will receive notifications via email.
- ❖ You will see your notifications next to the bell icon in Community.

### Notifications Options

- ❖ You can adjust your notification settings by clicking your **Avatar, My Subscriptions** and **Notifications** settings in Community.
