- Join Groups
- Connect with your PowerSchool Contact

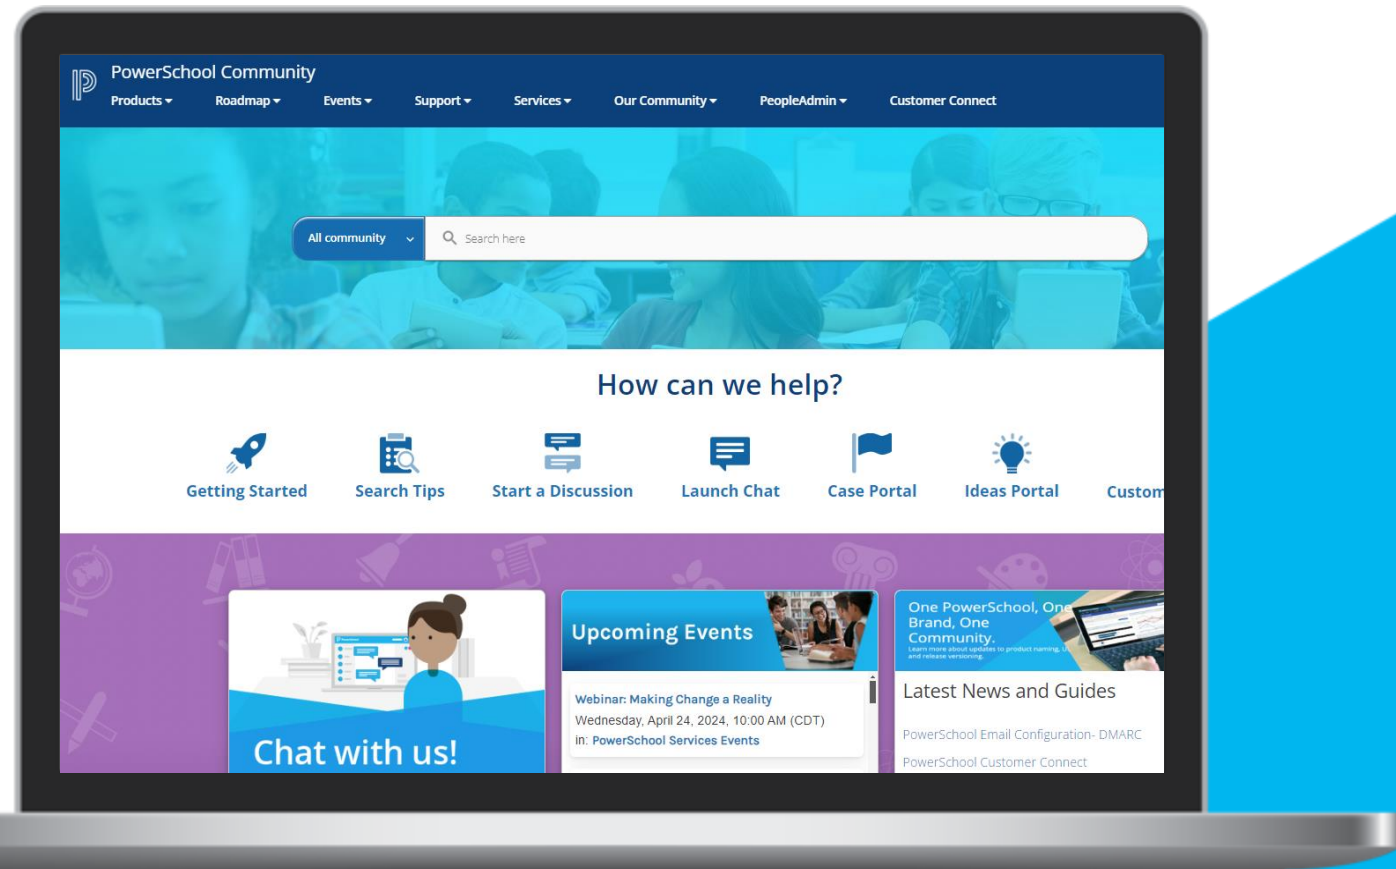

Accessing the PowerSchool Community

help.powerschool.com

First, log in to your Schoology environment, then scroll down to the footer and locate the link to [PowerSchool Community](#), which will open in a new tab with your credentials automatically switching over

Being actively logged in to the PS Community is required to access many of the links and materials shared during PowerUps.

Once you've successfully logged in to the PS Community, you have access to a plethora of articles, webinars, forums, and more about Schoology.

Support Updates

Tips for a Smooth End of Year

- If you plan to [mass inactivate users](#)...
 - Make sure to switch your provisioning sync to **manual** to ensure user accounts are not duplicated
 - Remember to remove yourself and other admins from the file!
- **Best Practice:** Ensure your grading periods have "2023-2024" somewhere in the name
 - This will prevent potential mapping issues when rolling over for the 24-25 school year
- Disable "view upcoming courses" permission for student role if you do not want students to see next year's courses when you initially provision

When to Contact your Schoology Representative:

- Are you getting a new System Admin or Support Contacts next year?
- Are you changing your authentication method (how users at your school login to Schoology) and want a walkthrough of how-to setup?
- Are you changing your provisioning method (the way you import accounts, courses, and enrollments)?
- Are you incorporating parents next year?
- Are you expanding Schoology's use to additional buildings in your district this year?

When in doubt, feel free to ask Support!

Tip: Work smarter, not harder! Pair with our Services team to get this done for you.

Peruse the KTO menu here:

https://bit.ly/SGY_KTOmenu

Opt-in Features to Consider

- [District Mastery or Standards Grade Passback with PS SIS](#)
- [Crosslisting](#)
- [Section Override Roles](#)
- [Elementary Experience](#)
- [Parent Role Sync from PS SIS](#)

Connect with your PowerSchool representative to discuss these options and next steps before next school year.

Product Updates

Submit a Product Idea on the Ideas Portal

The screenshot shows the PowerSchool Ideas Portal interface. At the top, there is a breadcrumb trail: Home > Contact Support > PowerSchool Ideas Portal. The main heading is "Welcome to the PowerSchool Ideas Portal". Below this, there is a paragraph explaining the portal's purpose: "Use this portal to submit enhancement ideas and feature requests for all PowerSchool solutions and products. In addition to submitting new ideas, you can also review, comment on, and vote on others' enhancements. Visit the Contact Support page if you need product support." A note follows: "Please note: we recommend searching existing ideas before submitting a new one to reduce duplication. Please review our article on Submitting an Enhancement Request." Another note states: "All submitted ideas are typically reviewed in 30 business days."

The interface includes a navigation bar with "Add a new idea", "Recent", "Trending", and "Popular" tabs. A search bar labeled "Search Ideas" is located on the right. On the left, there is a sidebar with filters. The "Filter by Status or PowerSchool Product" annotation points to this sidebar. The sidebar lists various filters such as "My ideas", "My votes", "My subscriptions", "Review In Progress", "Reviewed - Unscheduled", "Scheduled - Future Release", "In Development", "Shipped", "Already Exists", "Support Issue", and "Will Not Implement". Below these are "Filter by Product/Category" and "Applicant Type".

The main content area displays a list of ideas. The first idea is "Make teachers accountable for entering grades in a timely manner" with 3,677 votes and a "Reviewed - Unscheduled" tag. The second idea is "Merge Duplicate Student Records" with 2,371 votes and a "Reviewed - Unscheduled" tag. The third idea is "Email Alert for due Homework and Exam" with 1,859 votes and a "Reviewed - Unscheduled" tag. The "Upvote ideas to let us know you'd like to see that feature too" annotation points to the "VOTE" buttons on these ideas.

Filter by Status or PowerSchool Product

Search ideas before submitting a new one

Tags show if Product has Reviewed and/or Already Created the feature

Upvote ideas to let us know you'd like to see that feature too

Enabling the Design Refresh – Last Call!

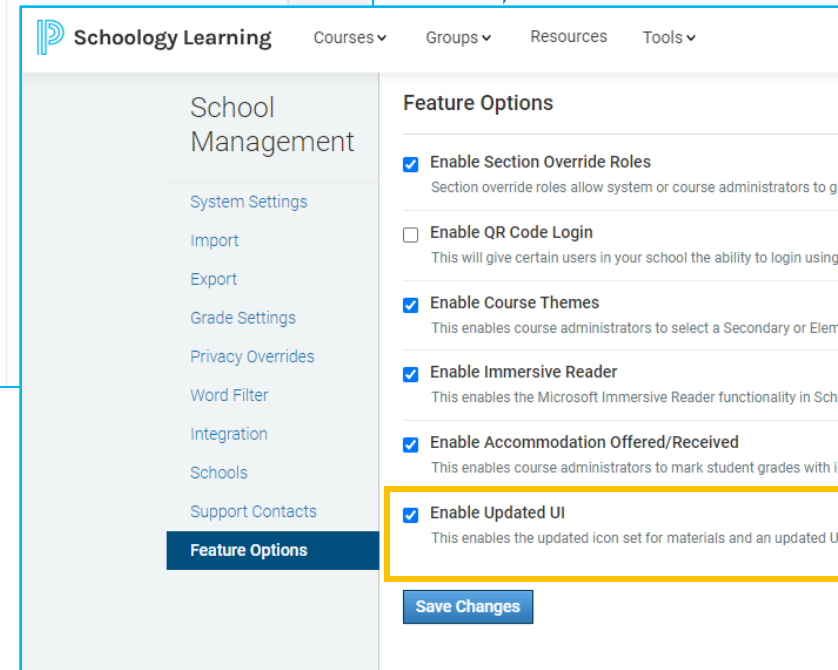

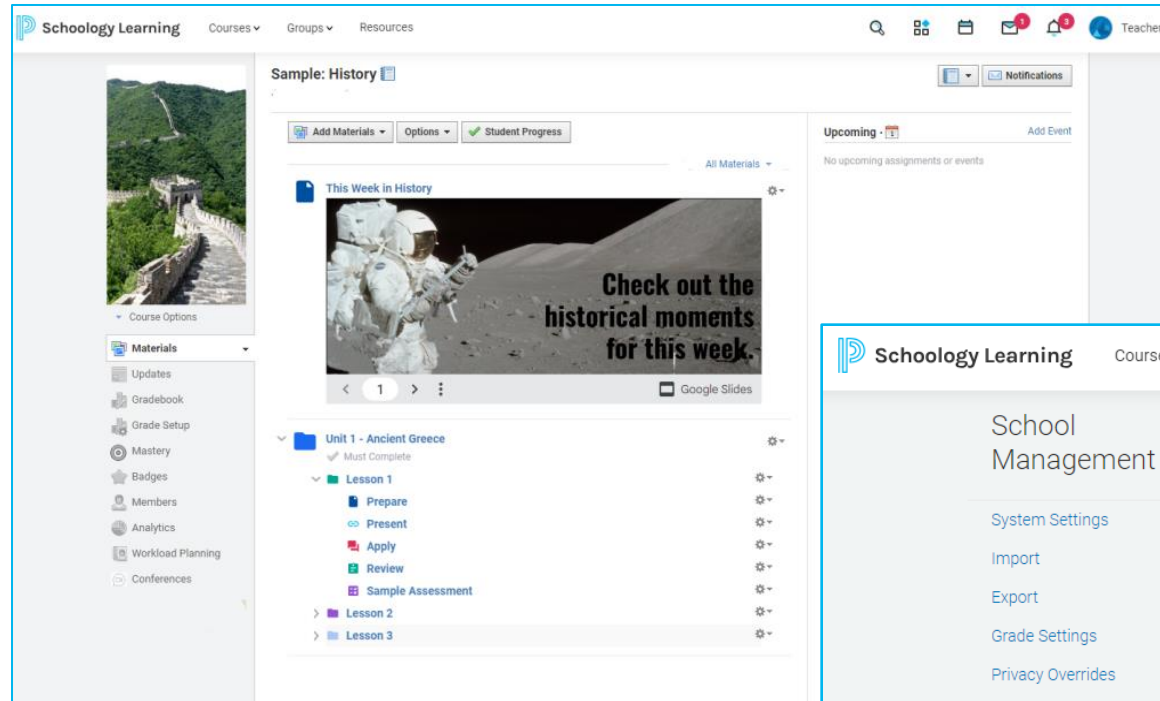

About the Refresh

This update freshens the basic Schoology design, introducing more modern design elements (fonts, colors, icons), **without changing the user experience or any workflows.** All ADA compliant!

How to Enable

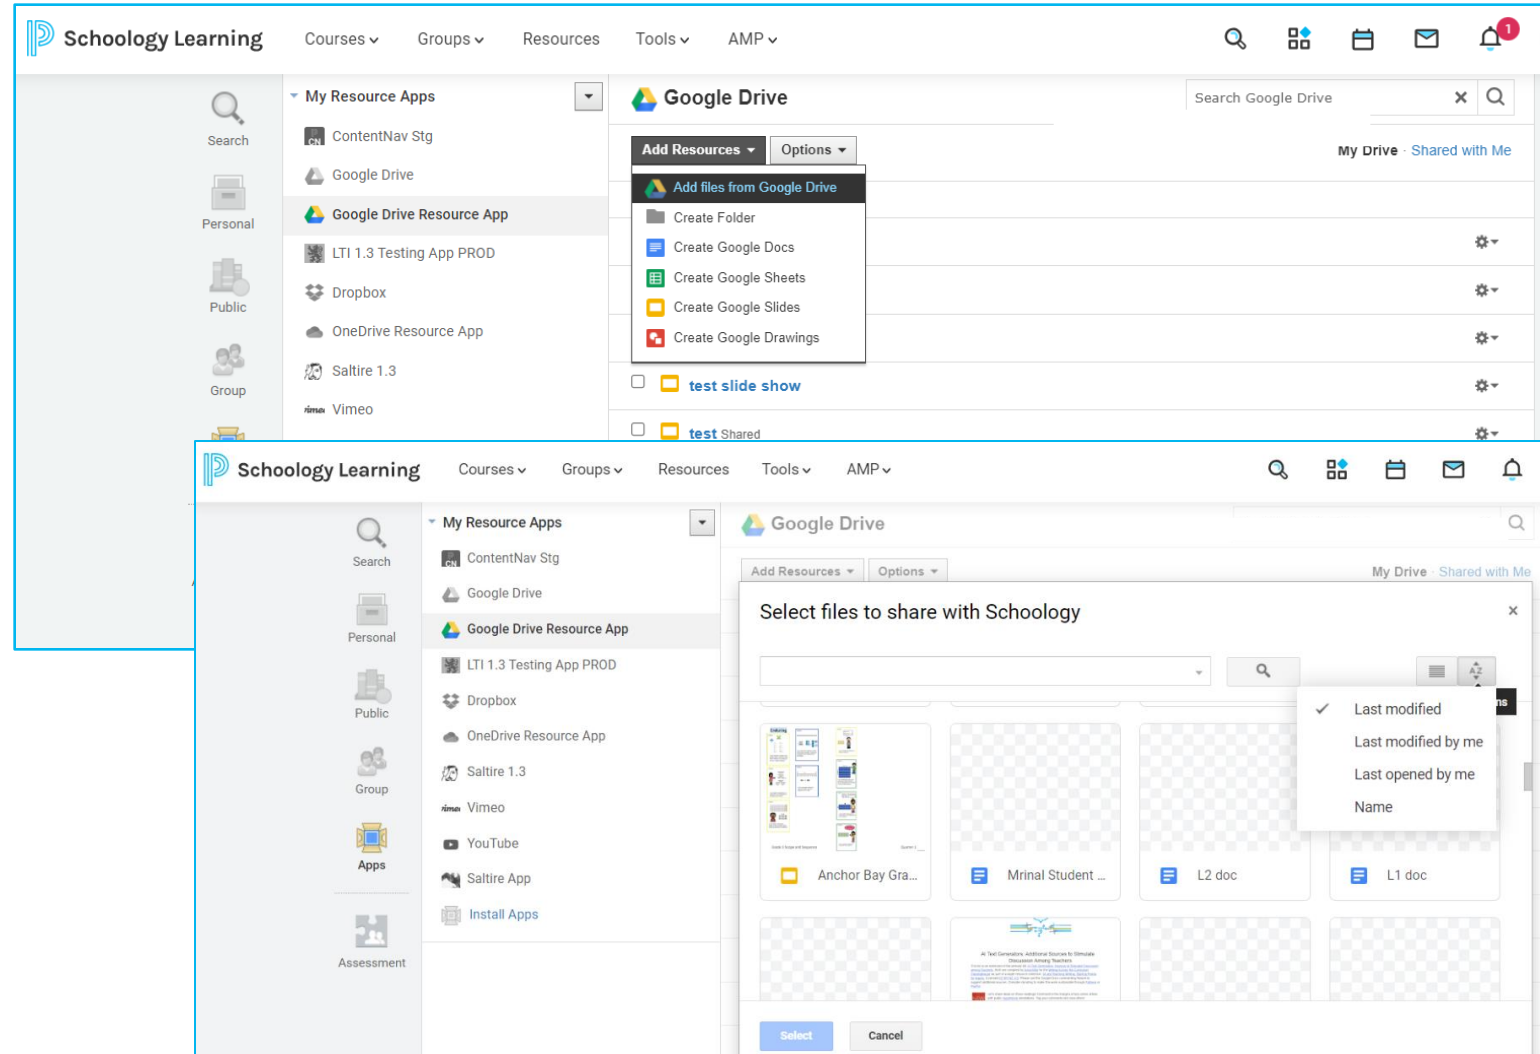

Through Feature Options under School Management, click Save.

Enabled for all users in the June release (scheduled 6-20-24)

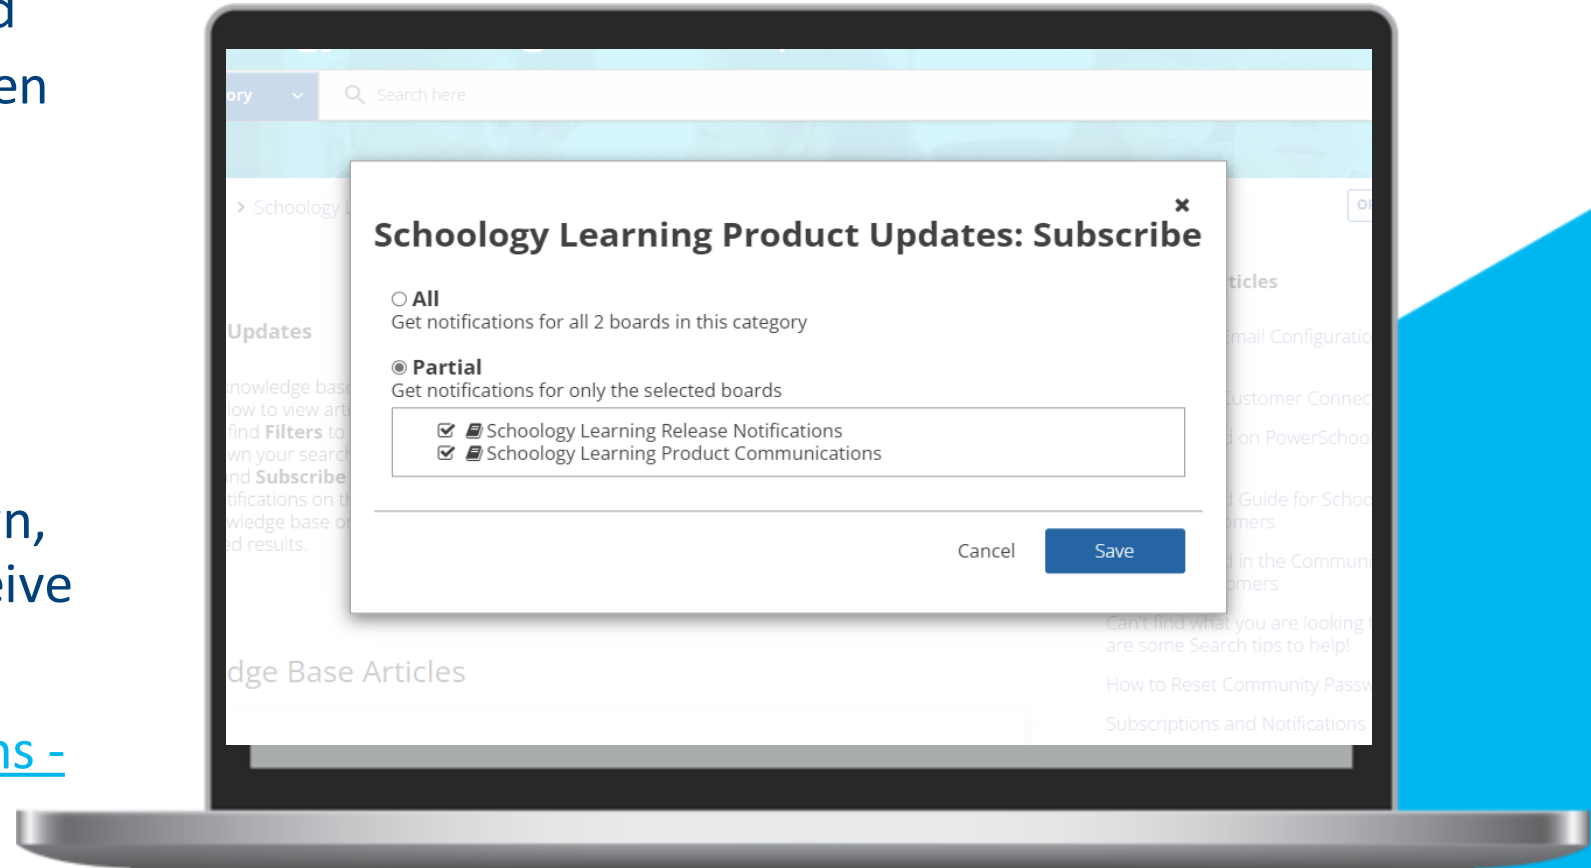

Google Drive Resource App Update

- What is it?
 - To comply with Google's security update, changes were needed to the app.
- What changed?
 - Users must give explicit permission to Schoology to use content
 - Organization-level shared drives are available
 - [Changes to Google Drive Resource App - PowerSchool Community](#)

Release Notes

- Coming Soon and Released articles
 - Two weeks prior to release, Coming Soon article published
 - Title updated to Released when release is live
- Subscribe to Release Notes
 - [Schooly Learning Product Updates - PowerSchool Community](#)
 - Click on the Options dropdown, choose which updates to receive
- How to clean up notifications

Common Cartridge 1.3

Importing content just got an upgrade with:

- Support of new material types and resources
- Multiple question banks
- Additional metadata on LTI links and resources.

[Q&A for Common Cartridge 1.3 Import Into Schoology - PowerSchool Community](#)

The screenshot displays the Schoology interface. At the top, there is a navigation bar with the Schoology logo and tabs for COURSES, GROUPS, RESOURCES, and TOOLS. The user's name, Mr. Thomas, is visible in the top right corner. Below the navigation bar, the interface is divided into two main sections: RECENT ACTIVITY and COURSE DASHBOARD. The RECENT ACTIVITY section shows a list of posts from Herbert Lopez in the English 101: Section 1 course. The first post asks if it's possible to move a quiz due to a snow day. The second post is a personal statement about reading 'A Series of Unfortunate Events'. Below the posts is a comment box and a poll question: 'Which book should the class read next?' with two options: 'A Series of Unfortunate Events' (1 vote) and 'A Brief History of Time' (1 vote). The COURSE DASHBOARD section on the right shows an 'Upcoming' calendar with events for Tuesday, July 10, 2018 (Field Trip Homework), Friday, July 13, 2018 (Reading Assignment: Unit 1), Friday, July 20, 2018 (Chapter 5 Discussion), and Tuesday, July 31, 2018 (Chapter 10 Discussion). There is also a 'Suggested Educators' section at the bottom right.

Increased support for Middle Name

What it is

Added support for Middle Name on more pages (*example: Advisor Dashboard*)

Why we think you will like it

When you are working with students with the same first and last names, having the middle name displayed helps ensure you are clear which student is which.

Support for Right-to-Left Text

What it is

An option in the Rich Text Editor to utilize right-to-left text entry

Why we think you will like it

Allows users writing in languages that utilize right-to-left to create within Schoology.

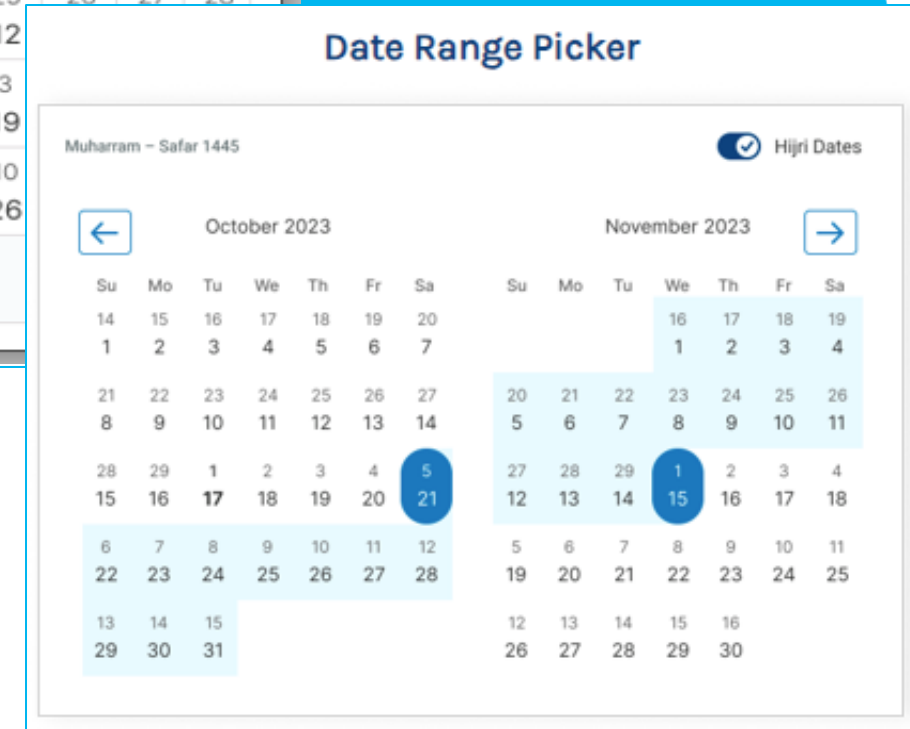

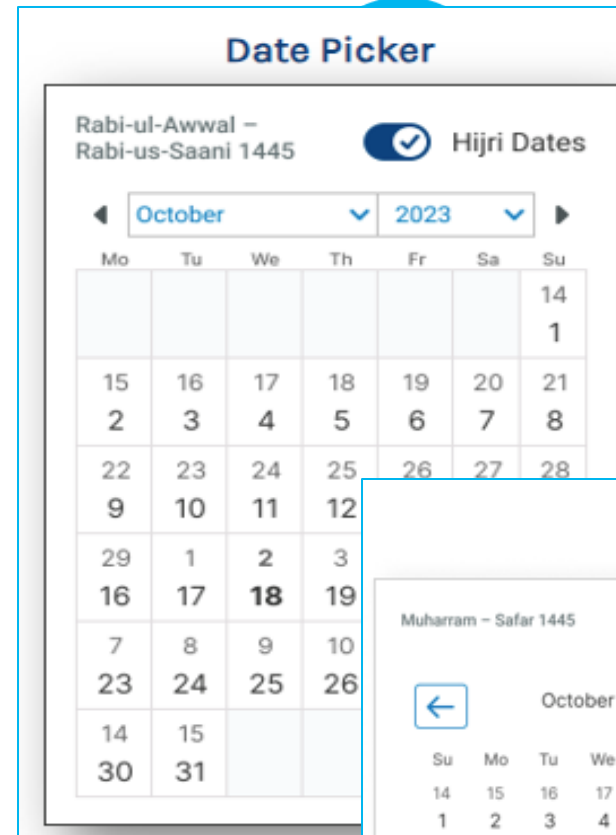

Support for Arabic and Thai Languages and Hijri Calendar

What it is

Arabic and Thai will be additional language options for users. If Arabic is chosen, the district can choose to display the Hijri calendar next to the Gregorian calendar.

Why we think you will like it

Opens up Schoology to additional users

Missing Assignments Displayed in Overdue

What it is

When material is marked with the Missing exception flag, the material will appear in the Overdue section for the student.

Why we think you will like it

Assignments listed in the Overdue section will accurately show assignments that are overdue even if they are marked as Missing.

To Do

OVERDUE

-  **Raid the Post Office**
20 days overdue

Police Work 1

Sharing Course Templates

What it is

Ability for Curriculum teams to collaborate on a single Course Template

Why we think you will like it

Course Template admins will be able to add additional members to collaborate with and create the Template before publishing it to courses.

Product Feedback Sessions

Adding bi-monthly cadence of webinars to Events Hub

Opposite months (even) of SGY PowerUps

Every third Tuesday at 11am ET

Next session: June 18

Purpose

Get customer feedback on recently released features
Allow for customer input on upcoming development work

Meeting Expectations

Focused on specific features

Partnership between product team and customer base

Lesson Planner

Curriculum & Instruction within Schoology Learning

Overview as a Teacher

The screenshot displays the 'Curriculum & Instruction' interface for a teacher. At the top, a navigation bar includes 'Unified Classroom Curriculum & Instruction' and menu items for 'Lessons', 'Curriculum', 'Gradebook', 'Reports', 'Resources', and 'Admin'. On the right, there are icons for help, notifications, and a user profile labeled 'DG'. Below the navigation bar, a control area shows 'This Week' with navigation arrows, a calendar icon, and the selected date 'Week of June 5, 2023', along with a 'Share' button. To the right of this area are search and calendar icons, and a view selector with 'Day', 'Week' (selected), 'Month', and 'Unit' options. The main content area is a grid of five columns representing the days of the week: 'Mon (Jun 5)', 'Tue (Jun 6)', 'Wed (Jun 7)', 'Thu (Jun 8)', and 'Fri (Jun 9)'. Each day column has a large yellow box at the top for notes, followed by a blue 'NOTES' header with a time slot. Below the header is a dropdown menu for 'Unit + Untitled Lesson'. A small orange 'FAQ' button is visible in the bottom right corner of the grid.

FAQ

Adding Content to a Lesson

The screenshot displays the PowerSchool interface for managing lessons. At the top, there are navigation tabs for 'Lessons', 'Curriculum', 'Reports', and 'Resources'. Below this, a calendar view shows the week of May 6, 2024, with days from Monday to Friday. Each day has a 'Type a note...' field and a lesson slot. The lesson slots are for 'AP ENGLISH LANGUAGE (ENG 3)' with various time slots (8:00 am - 8:50 am, 9:00 am - 9:50 am) and 'PLANNING PERIOD' (10:00 am - 10:50 am). A callout box on the right side of the grid highlights a lesson slot for 'AP ENGLISH LANGUAGE' from 7:30 am to 8:15 am. This callout shows the lesson title 'Untitled Lesson' and two main options: '+ ADD CONTENT' and 'CHOOSE TEMPLATE'. A red arrow points from the 'Change View' button in the top right corner to the callout box.

CHOOSE TEMPLATE

Lesson Templates

- Lesson Plan templates provide teachers a starting point when organizing lessons, as well as a reminder to include desired elements.
- Lesson Plan templates can be created at the district level, building level, group level or by an individual teacher.

The screenshot displays the 'Lesson Templates' interface. At the top, there are navigation tabs: 'Users', 'Schools', 'Groups', 'Off-Days', and 'Lesson Templates'. Below the tabs is a search bar labeled 'Search by name' and an 'Add Template' button. A list of templates is shown, including 'Untitled Template', 'Test', 'Proven Practices Template', 'Math Template', 'Curriculum Template', and '5E Lesson Plan'. A red arrow labeled 'Admin View' points to the top right of the interface. Below the list, a 'Teacher View' is shown, featuring a 'Templates' section with a plus sign button. This view displays three templates: 'Advanced Placement Template', 'District Common Assessment Template', and 'ESL Template'. Each template entry includes the name, the last update date ('Last Updated: May 3rd, 2024'), and 'Edit' and 'Assign' buttons.

Lesson Planner

Setting Up Lesson Planner: System Admin Course

We have created a course, just for YOU!

You'll find support with:

- FAQs for System Admins
- Provisioning Users from PS SIS or from Schoology
- Course materials for teacher PD
 - Copy for your own environment
 - Share a course code for your teachers (self-paced)
 - Copy from PD+ for Schoology

The screenshot shows the Schoology Learning interface for the 'Lesson Planner' course. The left sidebar includes a 'Materials' section with 'Updates' (1) and 'Mastery' options, and an 'Information' section with 'Grading period Ongoing'. The main content area is titled 'Getting Started with Lesson Planner in Schoology Learning: System Administrators' and is attributed to 'Learn Schoology (Official)'. It features a list of folders and materials:

- Welcome to Lesson Planner in Schoology Learning**: Includes 'What is Lesson Planner?', 'Before you Begin', '☆ Directions for Distributing Teacher Training Materials', and '☆ System Admin FAQs'.
- Option 1: Set Up Lesson Planner for Provisioning from Schoology to Curriculum and Instruction**: Includes instructions for users with Schoology Learning but not PowerSchool SIS, accompanied by a 'YES/NO' decision icon.
- Option 2: Set Up Lesson Planner for Provisioning from PowerSchool SIS to Curriculum and Instruction**: Includes instructions for users with both Schoology Learning and PowerSchool SIS, accompanied by a 'YES/YES' decision icon.
- Getting Started with Lesson Planner for Teachers and School Administrators**: Includes instructions for teachers and school administrators, accompanied by an icon of an apple and a checklist.

Giving Lesson Feedback

Click on a date to review the Lesson Plan and Leave Feedback for the teacher.

This screenshot shows the 'Lesson Feedback' overview for Heather Archer for the week of April 29th, 2024. The interface includes a left sidebar with a search bar containing 'Heather' and a list of teachers: Heather Archer (15 / 15 Lessons), Heather Clark (24 / 25 Lessons), Heather Day (15 / 15 Lessons), and Heather Salas (26 / 30 Lessons). The main area is a calendar grid with columns for Monday through Thursday. Each day shows lesson plans for Algebra I and Algebra II, all marked as 'Planned' with green checkmarks. A pink arrow points from the 'Planned' status on Monday to the detailed lesson view.

Choose the teacher in the left panel, then view their lesson plans in the overview calendar, including easy green checkmarks.

This screenshot shows the detailed lesson feedback page for Heather Archer on Monday, April 29, 2024. The lesson is 'ALGEBRA I' from 10:00 am to 10:50 am, Unit 7: Quadratic Functions. A pink box highlights the 'Leave Feedback' button in the top right corner. The page is divided into 'Lesson' and 'Resource' sections. The 'Lesson' section includes 'Objectives' (Students will be able to understand and apply the key rules of radicals, apply the rules of radicals and rules of exponents to simplify and evaluate expressions, and solve real-life problems using the rules of radicals) and 'Prerequisites' (Students should already be familiar with powers and exponents, and squares and square roots). The 'Resource' section features a video titled 'Simplifying with exponent properties' from Khan Academy, with a play button icon overlaid on the video thumbnail.

Questions

Rollover & End of Year/Term Best Practices

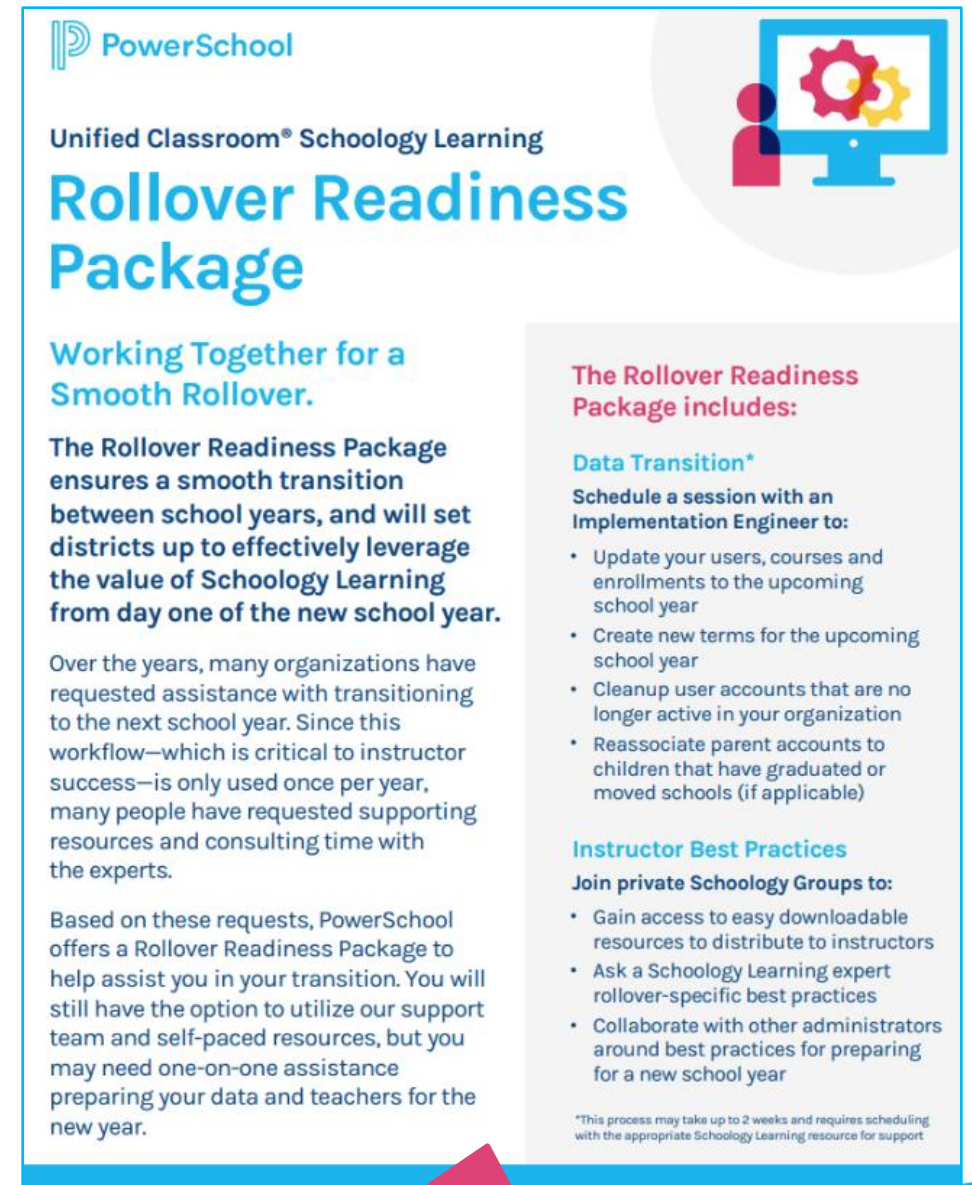

Schoology Learning

Partner with PowerSchool for SGY Rollover

Rollover Readiness Package:

- Includes 1:1 time with an SME for rollover assistance including setting-up grading periods, provisioning users and enrollments, assistance with moving parent accounts, and access to a private group for best practices.
- **Updated pricing** - if interested, reach out to your PowerSchool contact soon or fill out this form: <https://forms.gle/RdUqgPcezg5Qr9r66> to have a representative contact you.

*View the Rollover Readiness Package flyer:
https://bit.ly/SGY_Rollover

The flyer features the PowerSchool logo at the top left. On the right, there is an icon of a person at a computer with gears, symbolizing technology and learning. The main title is 'Unified Classroom® Schoology Learning Rollover Readiness Package'. Below this, it states 'Working Together for a Smooth Rollover.' and describes the package as ensuring a smooth transition between school years. A list of included services is provided, such as data transition and instructor best practices. A red arrow at the bottom of the flyer points towards the main text on the slide.

PowerSchool

Unified Classroom® Schoology Learning
Rollover Readiness Package

Working Together for a Smooth Rollover.

The Rollover Readiness Package ensures a smooth transition between school years, and will set districts up to effectively leverage the value of Schoology Learning from day one of the new school year.

Over the years, many organizations have requested assistance with transitioning to the next school year. Since this workflow—which is critical to instructor success—is only used once per year, many people have requested supporting resources and consulting time with the experts.

Based on these requests, PowerSchool offers a Rollover Readiness Package to help assist you in your transition. You will still have the option to utilize our support team and self-paced resources, but you may need one-on-one assistance preparing your data and teachers for the new year.

The Rollover Readiness Package includes:

Data Transition*
Schedule a session with an Implementation Engineer to:

- Update your users, courses and enrollments to the upcoming school year
- Create new terms for the upcoming school year
- Cleanup user accounts that are no longer active in your organization
- Reassociate parent accounts to children that have graduated or moved schools (if applicable)

Instructor Best Practices
Join private Schoology Groups to:

- Gain access to easy downloadable resources to distribute to instructors
- Ask a Schoology Learning expert rollover-specific best practices
- Collaborate with other administrators around best practices for preparing for a new school year

*This process may take up to 2 weeks and requires scheduling with the appropriate Schoology Learning resource for support

Course Administrators (Teachers)

"Publish" Grades in the Schoology Gradebook

- Unpublishing an item also removes the item from students' final grade report that is visible to them in Schoology.
- Any unpublished item needing to be a part of student grade calculations must be republished.

Tip: Stop accepting student submissions, while keeping grades visible, by disabling submissions.

Physics: Section 1
Bulk Edit

Trimester 2

Name		Category
Chapter 4 Quiz	<input checked="" type="checkbox"/>	QUIZ
Chapter 4 Lab Report	<input type="checkbox"/>	Homework

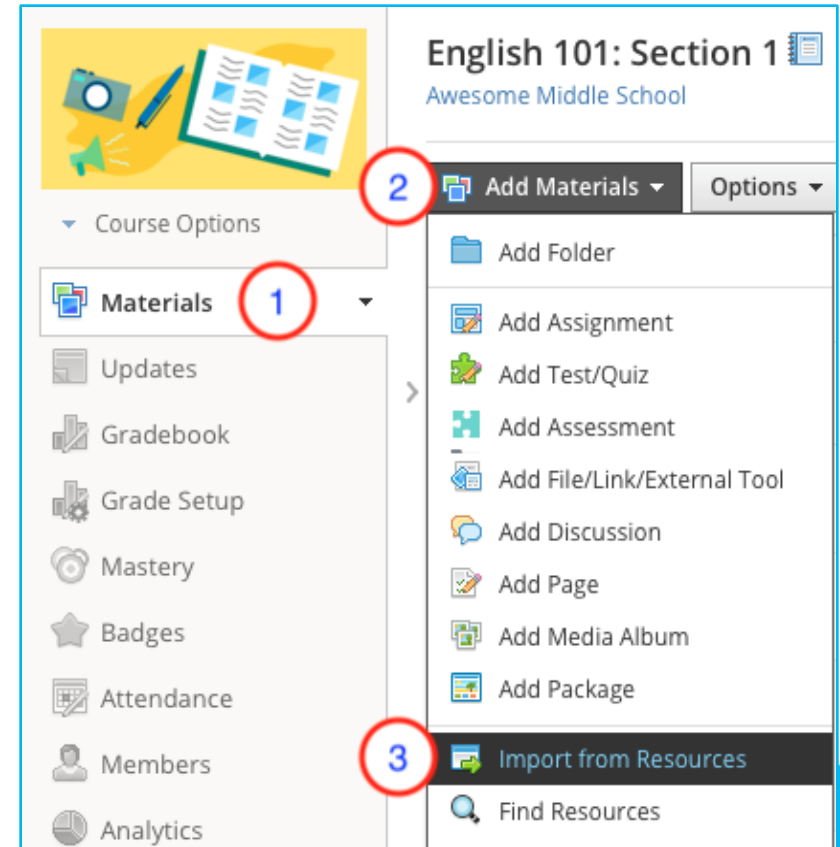

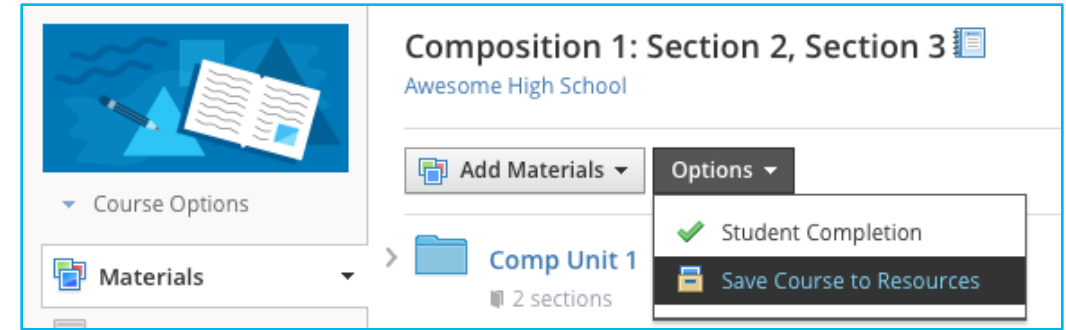

Course Admin (Teachers)

Save Courses/Content to Personal Resources

- Save an Archived Course to **Resources** and reuse the same materials for the next school year, in a new course with new students and a new grading period.
- Next year, Instructors & Course Admin can easily import those materials into their new course.

Tip: Share Collections easily with colleagues on your ["Connections" list](#).

System Administrators – Extending the Grading Period

- Article: [Extending the Grading Period](#)
- Allows teachers extra time to input grades
- Access Grade Settings from School Management
- Editing the grading period will affect ALL courses; option to add an additional grading period at the course level to affect a specific course only.
- Grades will only continue to passback IF the grading period is still open in SIS

System Administrators - Archiving

- 24 hour "buffer" period after close of a grading period before courses auto-archive and switch over to the Archived tab in 'My Courses'
- Grade passback in archived courses is disabled
- Optional: Enable permission for students to view archived courses so they can submit unfinished work
- No course content or enrollments are lost during the archival process
- Access Archived Courses in the Archived tab under 'My Courses' indefinitely (*grading period must remain in the district environment*)

Manually Creating Summer School Courses

- Courses can be manually created by Teachers, if permission enabled, in Schoology which can be used for Summer School.
- System Admin can also manually create courses and enrollments by importing them into Schoology. **Any courses that are manually created or imported in Schoology would not be affected by your SIS sync.**
- First, create a 'summer school' grading period to associate these courses with, then manually create the courses or use the import process.
- [Grading Periods in Schoology](#)
- [Importing Courses](#) / [Importing Course Enrollments](#)

Syncing Summer School Term via SIS App

- If Summer School courses and data are housed in your SIS, then use sync to create courses and enrollments in the same way for a regular school year.
- When creating Summer School grading period, associate it with the active year as 2023-2024 in the SIS app. Sync users/courses/enrollments for this grading period as normal.

Tip: Should Schoology Rollover occur during an active Summer School session:

- Remember switching the active year in Schoology will stop the sync with your Summer School courses, as those are associated with the previous year
- Any changes in courses/enrollments will need to be managed manually in Schoology

A Different Kind of Schoology PowerUp: Ask the Experts!

- A new informal Schoology PowerUp where customers take a deep dive into one specific feature.
- Engage with the Schoology Education Impact Consultants (EIC) team directly and ask any questions in the Live Q&A chat.
- Get quick and timely answers!
- Scheduled in the opposite months of traditional PowerUps, including during summer months.
- Completely optional! Nothing to ask? No need to attend.

REGISTER TODAY! Next session is June 12th.
